

# SKILLING INSTITUTE

## LIMITED WARRANTY

The Skilling Institute limited warranty covers the Photon-Geni for one year from the date of the original retail purchase. The Photon-Geni passed all of Skilling Institute's demanding tests and inspection standards set by Skilling Institute Quality Control. Skilling Institute warranty covers electronic and mechanical parts only under normal use and excludes damages resulting from the normal use, accident, misuse, tampering and abuse. This warranty does not apply to the outer parts, case or finish of a Photon-Geni. This warranty does not apply to the Ionized Gas Tubes or their parts. If at any time the tubes are damaged or broken, they must be purchased from the Skilling Institute at a cost of \$250 each plus shipping and handling. To obtain service under this warranty, return your Photon-Geni with the following information; date of purchase, name, address, phone number and email address accompanied by \$65.00 for US consumers & \$165 for international consumers to cover shipping and handling to:

**SKILLING INSTITUTE,  
c/o Service Dept.  
4340 E. Indian School, Suite 21  
Phoenix, AZ 85018**

SKILLING INSTITUTE OFFERS THIS WARRANTY IN LIEU OF ALL OTHER EXPRESS WARRANTIES. ANY WARRANTY IMPLIED BY LAW, INCLUDING WARRANTIES OF MERCHANTABILITY OR FITNESS, IS IN EFFECT ONLY FOR THE DURATION OF THE EXPRESS LIMITED WARRANTY SET FORTH IN THE FIRST PARAGRAPH ABOVE. SKILLING INSTITUTE WILL NOT BE LIABLE FOR ANY CONSEQUENTIAL DAMAGES RESULTING FROM THE USE OF THE PHOTON-GENI.

### **WARNING:**

THE PHOTON-GENI is for EXPERIMENTAL PURPOSES ONLY and is not designed to diagnose or treat any physical, medical or health condition. Do not tamper with, attempt to breach the enclosure, expose to liquids or moisture, or expose to temperature from sun or otherwise above 120° F (49° C), or prolonged sunlight. Do not drop or expose to any sudden impact. Under no circumstances should the Photon-Geni be operated with only one tube, it requires both tubes in good working condition for that part of the operation to function properly (the On/Off button for the tubes **MUST** remain OFF until both tubes are plugged in properly and in good working condition). **KEEP OUT OF REACH OF CHILDREN or PETS except under strict supervision.**
