## LEASE-TO-OWN PROGRAM

LEASING ADVANTAGES...

### YOUR LEASING ADVANTAGES:

- **LOW MONTHLY PAYMENTS**  
Your monthly lease payment will usually be lower than the payment required by other methods of financing.
- **ACQUIRE EQUIPMENT WITHOUT TYING UP CAPITAL**  
Leasing is 100% financing and puts the equipment to work for you immediately, at a minimal up-front cost.
- **PROTECT YOUR LINES OF CREDIT**  
Lease payments have no impact on your other credit lines. Your borrowing power is preserved for other business opportunities.
- **MAINTAIN A COMPETITIVE EDGE**  
The latest and best equipment lets you do better work faster and at a lower cost than the competition. Leasing gives you the advantage of the latest available technology at an affordable cost.
- **AVOID OTHER COSTS**  
Your lease includes everything it takes to actually put the equipment to work for you, NOW!
- **GREAT TAX ADVANTAGES**  
Purchases are made with after-tax dollars. Your lease payments are usually considered a pre-tax business expense and as such may reduce your taxes.
- **SIMPLIFIED ACCOUNTING**  
Lease payments are little more than a line-item in your monthly cost of operations-- a minimal bookkeeping effort that frees you from time-consuming depreciation schedules.
- **PROTECT YOUR BUSINESS FROM MARKET CONDITIONS WITH A FIXED PAYMENT**  
Unlike other forms of financing with variable rates, lease payments are fixed - no matter what happens to the market tomorrow and you have the benefits of the equipment today.
