Electronics genius, Ed Skilling released the Photon Genie in 2001. Recognized as the world leader in electro-medicine, this was the biggest breakthrough in energy transmission technologies during his forty plus years of research and development.

The Photon Genie is the first instrument that Ed Skilling developed to specifically communicate with the *immune system* and *special forces* of the body at the cellular level and in harmony with the body's natural resistance. The Photon Genie incorporates all the discoveries, innovations, and inventions developed by this unique combination of electronics genius and world class development experience.

This powerful and easy-to-use portable instrument has been proven to be the best in the world for many *noticeable* results:

- Moves and Balances all the fluids of the body (Circulation, Lymph System, etc.)
- Oxygenates Cells, Tissues, Organs, etc.
- Powers and Controls Bio-available Harmonic Energies
- Regulates Pulse and Balances energy life cycles
- Regenerates tissue and bone naturally
- Communicates, Transmits, and Balances Energies
- Charges and Balances Harmonic Energies of the body
- Utilizes Proprietary Communications and Transmissions friendly to the body

DETOXIFICATION  
REJUVENATION  
REGENERATION

The Photon Genie's amazing energy transmitters deliver unparalleled energy harmonics direct to all cells, tissues, organs, and systems of the body combined with the equally important and uniquely powerful Noble Gas Harmonic Energy Technologies making it the most dynamic and *effective* therapeutic energy instrument developed in the past 100 years.

As you can see in the picture, the Photon Genie has not one, but two Energy Transmitters (*Energy Packs*) and two Harmonic Noble Gas Tubes (*Energy Wands*). The Energy Transmitters and Energy Wands are controlled independently (on/off) and the Energy Wand intensity is controlled with the main dial in the center.

The Photon Genie generates and delivers the benefits of bio-available energy nourishment, similar to those we receive naturally from the sun, the earth, and universal energy fields. This gives the individual control over the quantity and frequency of life-force energy available for the body to simultaneously improve all communications, functions, detoxification, rejuvenation, regeneration, and longevity.

## OZONE BENEFITS

One of the subtle, but noticeable advantages of the Photon Genie is the production of beneficial ozone by the Energy Wands (glass tubes) that pulse energetically, while making close contact with the skin. As each energy wand, containing a unique blend of noble gasses, lights up or ionizes, it communicates with the main Skilling circuits. The circuits transmit through these ionized gasses, creating harmonic resonant energy transmissions and communications throughout the body. These amazing energy wands, also generate beneficial ozone at the skin where they make contact. This ozone transfers to the blood and tissues at that point in the local area. No germ, fungus, mold, or bacteria can live in the presence of beneficial ozone, or the hydrogen peroxide (a powerful anti-oxidant) that it is converted to inside the body.

Research has discovered that hydrogen peroxide is an enabler of your immune system to provide better function and win the fight against infections, pathogens, and many primary root causes of diseases. Several books on the market suggest treatments for hundreds of ailments, including cancer with hydrogen peroxide and has attracted interest from doctors and individuals around the world. Over 6,000 articles about it have appeared in scientific publications worldwide in recent years. The Photon Genie provides the ultimate non-invasive method of accomplishing these goals.

## Physics: All matter (substance) is preceded by energy.

### BALANCED ENERGY

The Photon Genie has the unique ability to generate and transmit the same life-force energy properties of cells, tissues, organs, and systems of the human body through these unique energy transmitters and harmonic energy wands. Due to the powerful harmonic balanced energies dynamically transmitted by the Photon Genie in harmony with the natural resistance of the human body, the life-force energies generated and transmitted are able to travel along both the subtle and major energy channels and re-flow all nerve paths. This includes the energy pathways on the molecular level, as well as the chakras and acupuncture meridians, the lymph channels, and blood system. So the gentle, yet penetrating, bio-available electron energy permeates the entire body as a powerful life giving force of energies. This makes the Photon Genie the only instrument in the world that provides four polarity, bio-available energy, without interference or distortion, to all 21 critical organs and through all the chakras and meridians all the way to Governor Vessel 20 (GV-20: Acupuncture point at top of the head).

*“The DNA is responsible for virtually every chemical interaction in the body including the 100,000 cellular chemical reactions per second in each cell. The chemical reaction can only happen if the molecule that is reacting is energized by a photon. Once the photon has stimulated a reaction, it returns to the energy flow and is available for more reactions... We are swimming in an ocean of energetic light.”*

– Dr. Fritz Albert Popp, Physicist

### BIO-AVAILABLE PHOTONS

The Photon Genie's Energy Transmitters and Energy Wands nourish the body with bio-photonic energies comparable to the bio-photons produced by our natural DNA. Photons switch on and control the body's functions and processes like an orchestra conductor bringing each individual instrument into the collective harmonic tune (resonance). When an object outside, or within, the body is exposed to its natural bio-available energy, it will pick up or harmonically resonate with that energy. This is similar to what happens when two violins have been precisely tuned. When the string on one violin is plucked or vibrated, the same string on the other violin will start to vibrate (resonate) as well. When exposed to energies and harmonics generated and transmitted by the Photon Genie, the cells will pick up and resonate and balance with their natural bio-available energies. This improves the strength and balance of energies and overall performance of communications and functions of the body.

Dr. Fritz Albert Popp, renowned German physicist, founder of bio-photonics and pioneer in the field of quantum biophysics, found that molecules in the cells responded to certain harmonic resonant energies, and that a range of vibrations from the photons caused a variety of noticeable energy responses in other molecules of the body. This harmonic energy is the driving life-force for all molecules and cells in the body. The cells can then tune in and resonate with their natural, harmonic, balanced, health producing energies. The cells, tissues, organs, and systems of the body, like the immune system, can gradually be re-imprinted (resonated) and grow in balanced energetic strength. In this way, the Photon Genie provides the body with the energies and power to heal naturally rather than creating an artificial homeostasis through the use of chemicals (toxic energies) and other procedures (all disrupt the energetic balance and weaken the energetic health of the body).

Quantum Physicists have proved that “when you can bring harmonic balanced energy to the plasma energy field of the human body (internally), you **automatically unleash unlimited healing potential** of the human organism.”

## MOVES & BALANCES LYMPH

The lymphatic system is the primary system that manages toxins in the body and is connected to every organ and purifies the body. The Photon Genie Energy Transmitters and Energy Wands safely deliver powerful energy transmissions and communications that restore the balance and movement of all the fluids in the body, especially the blood and lymph.

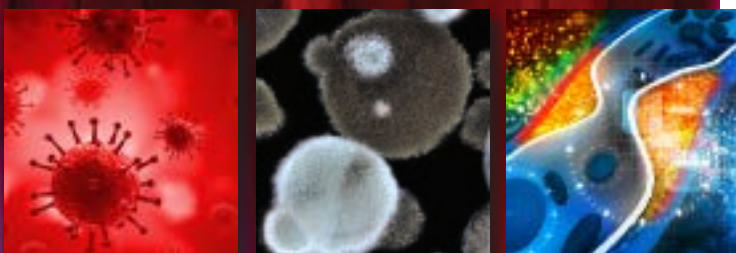

The ability of the Photon Genie to safely move and balance controlling energies of fluid systems of the body can soften nodules of accumulated wastes located in the lymph system and circulatory system. This unique processing of light-energy and a harmonically balanced stream of electrons and photons temporarily disorganizes and releases the electrical bonds of non-functional protein chains, lumps, and accumulations. The Photon Genie also gently stimulates peristalsis (movement) of the lymphatic vessels, and increases the movement and drainage of connective tissues. The focus of this technology is on empowering organs and natural systems of the body at the cellular level to do what they were originally programmed to do, only with more consistency, power and efficiency. By using the Photon Genie, this occurs on a regular basis and a broad range of health improvements are allowed to manifest in the process.

The results are effective, harmonically balanced energy reception by cells, tissues, organs, and systems of the body to:

- **RE-ESTABLISH** the ideal vibrational and harmonic energy states of each individual cell, tissue, organ, and system in the body.
- **DEVITALIZE** infections, pathogens (yeast, fungus, mold, viruses, bacteria, parasites, etc.); while reducing pain and inflammation; and slowing and reversing disease processes.
- **BREAK-UP** blockages and barrier tissues through re-polarizing energies of cells and molecules; normalizing lumps, clots and mineral deposits.
- **DETOXIFY** the body by moving and balancing the lymphatic, circulatory and other fluid systems of the body through all the channels (blood vessels, lymph, capillaries, colon, intestines, etc.) for more efficient digestion, assimilation and transport of nutrition, vital energy and infinite intelligence throughout the cells of the body, brain and nervous system.

The ability of the Photon Genie to safely soften nodules of accumulated wastes located in the lymph, is unique. This lymphatic movement technology more quickly and effectively cleans out the lymph system more naturally and dynamically than any other current methods.

*“When you don’t know what’s the matter...energy matters.”*

All of the innovative energy therapy breakthroughs of the past 50 years have come from the genius of Ed Skilling and the Skilling Institute. The Photon Genie is the **power tool** of the future. Now is the time, and the Photon Genie is your opportunity to take control of your health. **DO IT NOW!**
